10. (Secret - GLC) Hand-carried to Ed Braswell, Chief Counsel, Senate Armed Services Committee, papers prepared by OSR and OSI updating the Director's testimony of 4 March in the fields of Communist China's atomic energy and military programs.

I asked Braswell about the Committee's session with Secretary Laird, U. Alexis Johnson (Under Secretary of State for Political Affairs), and Ambassador Godley. He said the session was useful, but didn't really solve anything. He mentioned the witnesses expressed opposition to the imposition of any ceiling on U.S. programs in Laos, but Braswell feels quite certain some such ceiling will emerge in either Committee or Senate floor amendments to the military procurement authorization bill.

Jack Ticer, on the Committee staff, asked if we could provide him with additional copies of the paper we had given him entitled, "The World Opium Situation."

11. (Confidential - GLC) At his request I met with David Martin, on the Senate Internal Security Subcommittee staff, who talked with me about the series he is planning for publication of expressions from the Communist Party of its objectives and goals.

Martin also gave me material on and prepared by [redacted], a [redacted] who (according to Martin) has cooperated with the Agency in the past. He said [redacted] is interested in traveling abroad and Martin wondered whether we could be of any assistance to him. I told Martin I was quite certain there was nothing we could do for [redacted] but I would pass the material on to any interested people in the Agency.

12. (Unclassified - RCR) In response to a request from Jim Viehe, in the office of Representative Jack Kemp (R., N.Y.), I arranged for a personnel interview for a constituent, [redacted], for 10 a.m., Thursday, 29 July 1971.
